Whether you game, snap or scroll, we want you to have fun and be safe on all your devices!

If someone asks you for something personal like where you live – STOP. If someone asks you for a picture or tells you to take a video of yourself and send it to them – STOP. If someone is being rude, says something mean to you or calls you names – STOP. Don’t reply and don’t call them names back. And if you feel like being mean to someone yourself – STOP.

If you are playing a game or chatting with someone and they keep asking you the same questions that you don’t want to answer – BLOCK. If you are talking or playing a game with someone and they are making you mad, sad or uncomfortable – BLOCK. If someone is threatening you or tells you they will do something to embarrass or hurt you – BLOCK. You don’t ever need to feel bad about blocking someone who does these things.

And if whatever happened bothers you or makes you feel worried – TALK to someone you trust. If you don’t know what to do – TALK to a friend or trusted adult. And if you are worried about a friend who is doing something unsafe – TALK to someone you trust about it.
